WORK EXPERIENCE

Software Developer

Tiara Consulting Services India Pvt. Ltd.

Mar 2025 – Present

Project 1: Gulf Oil Lubricants – Distributor & Warranty Management System (Web & Mobile)

- Architected a full-stack enterprise application using Spring Boot (Java 17) REST API, React.js (Material-UI) web frontend, and React Native mobile app — serving Admin, Retailer, and Distributor roles.
- Engineered 20+ secure RESTful APIs with JWT-based authentication and RBAC; integrated MySQL via Spring Data JPA/Hibernate with optimized query performance.
- Configured Spring Security for route-level authorization and real-time data sync between web portal and mobile app.

Project 2: Snowflake – Zoho CRM Bidirectional Sync Extension (Zoho Marketplace)

- Built a bidirectional sync extension for Snowflake ↔ Zoho CRM supporting import/export across 10 CRM modules Invoices, Quotes, Sales Orders, and Purchase Orders published on the Zoho Marketplace.
- Built embedded CRM widgets using Zoho JS SDK and COQL with column filters, search bar, loading spinners, and GROUP_KEY multi-product grouping strategy with separate Snowflake header/line-item tables.
- Authored a comprehensive technical user manual for the Zoho Marketplace listing.

Mobile App Developer (Freelance)

Vasavi Gurukulam Shevapet

Mar 2026 – May 2026

Project: Educational Management Mobile App (Flutter / Android)

- Developed and deployed a Flutter Android app managing academic, administrative, and spiritual activities for an educational institution.
- Built role-based UI screens for Member, and Student roles including attendance, class schedules, and academic activity management.
